Binnian Cedar Retirement Benefits Scheme Trustee's Report

Introduction

The Trustee of the Binnian Cedar Retirement Benefits Scheme ("the Scheme") present their report together with the audited financial statements for the year ended 30 June 2018. The comparative figures represent the five year period from 10 November 2012 to 30 June 2017. The Scheme is a defined contribution scheme.

The Scheme was established on 10 November 2012, and is currently governed by the trust deed and rules dated the same date. In accordance with the provisions of Schedule 36 of the Finance Act 2004, the Scheme is a registered pension scheme under Chapter 2 of part 4 of the Finance Act 2004. Members of the Scheme are contracted-in to the State Second Pension (S2P, previously known as the State Earnings-Related Pension Scheme).

The Compliance Statement set out on page 21 and the Annual Governance Statement included as Appendix 1 form part of this report.

Scheme management

The Trustees who served during the year were:

Timothy Walker (Appointed: 10 November 2012, removed 23 August 2017)
Macalister Lindsay (Appointed: 10 November 2012, removed 23 August 2017)
Dalriada Trustees Limited (Appointed: 13 June 2013).

The directors of Dalriada Trustees Limited are D N Copeland, C M Johnstone, A B Kennett, T Lukic (appointed 2 October 2017) and B D Spence. The directors of Dalriada Trustees Limited were appointed in accordance with that company's Memorandum and Articles of Association.

In accordance with the provisions of the Pensions Act 1995 as amended, The Pensions Regulator has the power to appoint an independent trustee. Dalriada Trustees Limited was so appointed, with exclusive powers, on 13 June 2013 under section 7 of the Pensions Act 1995, and may only be removed by The Pensions Regulator.

Timothy Walker and Macalister Lindsay ceased to be trustees on 23 August 2017 which was the date that they were prohibited from acting as a trustee of any trust scheme by order of The Pensions Regulator.

Dalriada Trustees Limited has appointed external specialists to advise on legal and accounting matters.

Internal Dispute Resolution Procedure (IDRP)

It is a requirement of the Pensions Act 1995 that all occupational pension schemes must have a dispute resolution procedure in place for dealing with any disputes between the Trustee and the Scheme beneficiaries. A dispute resolution procedure has been agreed by the Trustee, details of which can be obtained by writing to Dalriada Trustees Limited, Linen Loft, 27-37 Adelaide Street, Belfast, BT2 8FE. Email: mail@dalriadatrustees.co.uk.

Binnian Cedar Retirement Benefits Scheme Trustee's Report

Financial development of the Scheme

The financial statements of the Scheme for the year ended 30 June 2018 are set out on pages 13 to 18; the Trustee's summary of contributions and the Auditor's statement about contributions are set out on pages 19 and 20. The financial statements have been prepared and audited in accordance with the regulations made under section 41(1) and (6) of the Pensions Act 1995. They show that the value of the fund decreased from £928,878 at 30 June 2017 to £896,754 at 30 June 2018.

For defined contribution schemes, investments purchased by the Scheme are allocated to provide benefits to the individual members. The original trustees / administrators did not make any allocation of funds when the members transferred into the scheme. Consequently Dalriada Trustees Limited has been unable to carry out an allocation of funds to members and may, in time, require further direction from the Court as to the most appropriate allocation method to use.

Transfers at less than cash equivalent

No cash equivalent transfers were paid during the period.

Membership

As at 30 June 2018, 106 members were entitled to benefits from the Scheme.

There were no changes to the membership of the Scheme during the year as set out in the following table.

	Active	Deferred	Pensioner
Membership at 01/07/2017	106	-	-
Membership at 30/06/2018	106	106	-

Pension increases

No pensions were paid during the year.

Changes to the Scheme rules

There were no changes to the Scheme rules during the year.

Changes to the Scheme auditor

The Trustee appointed Johnston Carmichael LLP as Scheme auditor with effect from 22 January 2019.

Governance and Risk Management

Following their appointment, Dalriada Trustees Limited identified a number of concerns surrounding the Scheme investments and the administration of the Scheme.

Beyond any remaining assets held in the Trustee's bank account, the Scheme's assets were invested in Advalorem Value Asset Fund Limited, a Gibraltar based investment company and non redeemable shares in a 'sub-fund' of Swan Holding PCC Limited (called 'Cell A'). The purpose of the Swan Holding PCC Limited was to invest in UK commercial and residential properties and land. There is no evidence of an investment adviser being appointed and appropriate investment advice being sought or received.

**Binnian Cedar Retirement Benefits Scheme
Trustee's Report**

No agreements appeared to be in place with Marley Administration Services Ltd, the company previously employed to provide administration services. Similarly, no proper accounting records appeared to have been kept. Dalriada Trustees Limited has now put in place more robust administration processes and created proper accounting records.

Dalriada Trustees Limited has developed and will continue to develop its business plan which set out its objectives in various key areas and, alongside the business plan, a risk register has been put in place, setting out the key risks to which the Scheme is subject and the controls in place to mitigate these.

Trustee knowledge and understanding

The Pensions Act 2004 requires trustees to have sufficient knowledge and understanding of pensions and trust law and be conversant with the Scheme documentation. The Pensions Regulator has published a Code of Practice on Trustee Knowledge and Understanding to assist trustees on this matter which became effective from 6 April 2006 and was updated with effect from November 2009. As a professional trustee, Dalriada Trustees Limited maintains an ongoing training programme for all of its staff.

Further information

Further information about the Scheme is available, on request, to members, their spouses and other beneficiaries.

If members have any complaints or queries regarding the Scheme, or wish to obtain further information, they should contact Dalriada Trustees Limited, Linen Loft, 27 - 37 Adelaide Street, Belfast, BT2 8FE.
Email: mail@dalriadatrustees.co.uk

The General Data Protection Regulations 2016/679 (Regulations) cover information which is held electronically, i.e. computer based information and extend data protection laws to cover paper-based records held for individuals. The Regulations contain restrictions on the processing of special categories of data as defined in the Regulations, to which individuals must give their consent. This category of data can include information on, for example, the health of a member or marital status.

Members' personal data will be used by the Scheme's advisers to administer the Scheme, and may be passed to other professional providers or advisers.

Dalriada Trustees Limited and the Scheme's advisers each have a legal obligation and a legitimate interest to process data relating to members for the purposes of administering and operating the Scheme, which includes passing on data to third parties, as mentioned above.

Dalriada Trustees Limited is regarded as 'Controller' for the purposes of the Regulations, in relation to the process referred to above. The advisers appointed by the Trustee are usually 'Processors', however, some advisers, such as the Scheme Actuary and auditors are considered to be controllers by the various professional regulatory bodies. Under the Regulations where two or more controllers jointly determine the purposes and means of processing, they shall be joint controllers of the data.

**Binnian Cedar Retirement Benefits Scheme
Trustee's Report**

Investment report

There are concerns that the original trustees Timothy Walker and Macalister Lindsay, failed to comply with the appropriate investment regulations and did not properly carry out their fiduciary duties as required under general trust law.

In relation to the £7,700,000 investment made by the Scheme and the other schemes that form the "Milton Schemes" in Advalorem Value Asset Fund Limited (Advalorem), the Financial Services Commission (FSC) in Gibraltar appointed Adrian Hyde, formerly of Chantrey Vellacott (a firm of Chartered Accountants) and now of CVR Global (a firm of insolvency practitioners) (CVR), as administrator of Advalorem on 27th January 2014, pursuant to the terms of an order granted by the Gibraltar High Court. Of the money invested, £6,600,000 was used to buy land in Scotland which was worth significantly less than the amount paid for it. The land was ultimately sold for £89,000 at the end of 2016, which indicated that the original price paid for the land was grossly overinflated.

Legal action has been taken by CVR and some limited recoveries have been made. This money has been used to finance ongoing legal action and CVR issued a High Court claim in October 2017 seeking recovery of a large proportion of scheme monies paid to Advalorem. It is impossible to say at this stage whether the claim will be successful and, if so, what recoveries might be made.

Whilst Advalorem was the most significant investment made by the Milton Schemes, £1,100,000 was invested in a 'sub fund' of Swan Holding PCC Limited (Swan), a company incorporated in the Isle of Man. The Schemes hold shares in this entity. Dalriada Trustees Limited has been informed by a director of Swan that the funds were not invested in property directly, but rather by making a loan to a third party which then invested in property. Dalriada Trustees Limited has requested a copy of the relevant loan documentation. However it has not been provided and it remains unclear what realisable value, if any, the investment holds.

Investment principles

The Trustee is required to produce a Statement of Investment Principles, which incorporates the investment strategy, in accordance with section 35 of the Pensions Act 1995. Given the nature of the Scheme and the lack of assets the Trustee has decided not to put a Statement of Investment Principles in place at this moment. This has been recorded as a breach and The Pensions Regulator has been informed.

Employer related investments

There were no employer related investments at any time during the period within the meaning of section 40(2) of the Pensions Act 1995.

**Binnian Cedar Retirement Benefits Scheme
Trustee's Report**

Statement of Trustee's Responsibilities

The financial statements, which are prepared in accordance with UK Generally Accepted Accounting Practice, including the Financial Reporting Standard applicable in the UK (FRS 102), are the responsibility of the Trustee. Pension Scheme regulations require, and the Trustee is responsible for ensuring, that those financial statements:

- show a true and fair view of the financial transactions of the Scheme during the Scheme year and of the amount and disposition at the end of the Scheme year of its assets and liabilities, other than liabilities to pay pensions and benefits after the end of the Scheme year; and
- contain the information specified in Regulation 3A of the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, including making a statement whether the financial statements have been prepared in accordance with the relevant financial reporting framework applicable to occupational pension schemes.

In discharging the above responsibilities, the Trustee is responsible for selecting suitable accounting policies, to be applied consistently, making any estimates and judgments on a prudent and reasonable basis, and for the preparation of the financial statements on a going concern basis unless it is inappropriate to presume that the Scheme will not be wound up.

The Trustee is also responsible for making available certain other information about the Scheme in the form of an Annual Report.

The Trustee also has a general responsibility for ensuring that adequate accounting records are kept and for taking such steps as are reasonably open to them to safeguard the assets of the Scheme and to prevent and detect fraud and other irregularities, including the maintenance of an appropriate system of internal control.

The Trustee is responsible under pensions legislation for securing that a payment schedule is prepared, maintained and from time to time revised showing the rates of contributions payable towards the Scheme by or on behalf of the employer and the active members of the Scheme and the dates on or before which such contributions are to be paid. The Trustee is also responsible for keeping records in respect of contributions received in respect of any active member of the Scheme and for adopting risk-based processes to monitor whether contributions are made to the Scheme by the employer in accordance with the payment schedule. Where breaches of the schedule occur, the Trustee is required by the Pensions Acts 1995 and 2004 to consider making reports to The Pensions Regulator and the members.

**Binnian Cedar Retirement Benefits Scheme
Independent Auditor's report to the Trustee**

Opinion

We have audited the financial statements of the Binnian Cedar Retirement Benefits Scheme (the 'Scheme') for the year ended 30 June 2018 which comprise the fund account, the statement of net assets and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- show a true and fair view of the financial transactions of the Scheme during the year ended 30 June 2018, and of the amount and disposition at that date of its assets and liabilities, other than liabilities to pay pensions and benefits after the end of the year;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- contain the information specified in Regulation 3A of the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, made under the Pensions Act 1995.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Scheme in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Trustee's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Trustee has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Scheme's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Emphasis of matter

We draw attention to note 8 of the financial statements, which describes the Trustee's assessment of the recoverability of sundry debtor balances of £116,114 and the uncertainties around this recoverability.

Our opinion is not modified in this respect.

Other matter

The figures for the comparative period have not been audited.

**Binnian Cedar Retirement Benefits Scheme
Independent Auditor's report to the Trustee**

Other information

The Trustee is responsible for the other information. The other information comprises the information included in the report and financial statements, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of the Trustee

As explained more fully in the Trustee's responsibilities statement the Scheme's Trustee is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustee determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustee is responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustee either intends to wind up the Scheme or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (UK), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Scheme's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Trustee.

**Binnian Cedar Retirement Benefits Scheme
Independent Auditor's report to the Trustee**

Auditor's responsibilities for the audit of the financial statements (continued)

- Conclude on the appropriateness of the Trustee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Use of our report

This report is made solely to the Scheme's Trustee, as a body, in accordance with Regulation 3 of the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, made under the Pensions Act 1995. Our audit work has been undertaken so that we might state to the Scheme's Trustee those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Scheme's Trustee as a body, for our audit work, for this report, or for the opinions we have formed.

Binnian Cedar Retirement Benefits Scheme
Notes to the Financial Statements

1. Basis of preparation

The audited financial statements have been prepared in accordance with Financial Reporting Standard 102 - The Financial Reporting Standard applicable in the UK and Republic of Ireland issued by the Financial Reporting Council and the guidance set out in the Statement of Recommended Practice (SORP), Financial Reports of Pension Schemes (revised 25 November 2014), published by the Pensions Research Accountants Group.

2. Accounting policies

Functional currency

The functional currency used in the financial statements is Sterling and all figures have been rounded to the nearest pound.

Investment Income

Interest on bank deposits is accounted for as it accrues.

Transfers

Individual transfers to and from the Scheme during the year are included in the financial statements on the basis of when the member liability is accepted or discharged which is normally when the transfer amount is paid or received.

There were no transfers out during the year.

Benefits

Benefits payable are included in the accounts on an accruals basis when the member notifies the Trustee as to the type or amount of benefit to be taken, or where there is no choice, on the date of retirement or leaving. Currently Dalriada Trustees Limited is not able to identify benefits payable.

Administrative expenses and investment management expenses

Administrative expenses are accounted for on an accruals basis.

Investments Assets

The Scheme had two investments, those being the investments held in Advalorem Value Asset Fund Limited (Advalorem), a company incorporated in Gibraltar, and in a 'sub fund' of Swan Holding PCC Limited (Swan), a company incorporated in the Isle of Man. Of the money invested in Advalorem, £6,600,000 was used to buy land in Scotland which was worth significantly less than the amount paid for it. The land was ultimately sold for £89,000 at the end of 2016, which indicated that the original price paid for the land was grossly overinflated. Dalriada Trustees Limited has been informed by a director of Swan that the funds were not invested in property directly, but rather by making a loan to a third party which then invested in property. Dalriada Trustees Limited has requested a copy of the relevant loan documentation. However it has not been provided and it remains unclear what realisable value, if any, the investment holds.

Binnian Cedar Retirement Benefits Scheme
Notes to the Financial Statements

In the absence of evidence to contrary, the only reasonable and prudent approach that Dalriada Trustees Limited can take in valuing these investments is to assume that they have no value. Where the amount to be recovered or returned can be estimated with reasonable certainty investments are valued on this basis.

Unallocated	-			-	-
	-			-	-

Reconciliation of investments as at 30 June 2018

	Value at 01/07/2017	Purchases at cost	Sale proceeds	Change in market value	Value at 30/06/2018
	£	£	£	£	£
Advalorem Value Asset Fund Limited	-	-	-	-	-
Swan Holding PCC Limited	-	-	-	-	-
Investments Total	-	-	-	-	-
Allocated to members	-			-	-
Unallocated	-			-	-
	-			-	-

The change in market value of investments comprises all increases and decreases in the market value of investments held at any time during the period, including all profits and losses realised on sales of investments during the period.

In the absence of evidence to contrary, the only reasonable and prudent approach that Dalriada can take in valuing these investments is to assume that they have no value. Where the amount to be recovered or returned can be estimated with reasonable certainty investments are valued on this basis.

For defined contribution schemes, investments purchased by the Scheme are allocated to provide benefits to the individual members. The original Trustees/administrators did not make any allocation of funds when the members transferred into the Scheme.

Consequently Dalriada has been unable to carryout an allocation of funds to members and will, in time, require further direction from the Court as to the most appropriate allocation method to use.

8. Current assets

	30/06/2018	Unaudited 30/06/2017
	£	£
Sundry debtors	116,114	69,528
Cash balances	811,815	873,658
	<u>927,929</u>	<u>943,186</u>

Included in the bank balance is £811,815 (2017: £873,658) which is not allocated to members.

Binnian Cedar Retirement Benefits Scheme
Notes to the Financial Statements

The sundry debtor relates to expenses paid on behalf of other Schemes. During the year the total fees paid on behalf of other Schemes amounted to £46,586 and £69,528 brought forward from period ended 30 June 2017. These fees comprised legal fees of £14,523 (2017:£24,758) and Trustee fees of £32,063 (2017:£44,770). Where Dalriada Trustees Limited is appointed to a number of schemes at the same time (a bulk appointment), much of the work it carries out is common to all the schemes covered by the appointment but could equally be carried out for any one scheme in isolation. All things being equal the costs incurred in respect of these common tasks would be proportioned appropriately across each of the schemes but this isn't always possible due to different schemes having differing amounts of available assets (or, occasionally, no assets). Where Dalriada Trustees Limited is looking at recovery action on these other schemes, it keeps a record of the costs incurred by one scheme on behalf of another (or others) as, if and when any recoveries are made from the other Schemes' investments, these shared costs will be reimbursed to the Scheme in the first instance.

Legal action is being undertaken by the liquidators of the Advalorem Value Asset Fund Limited. Whilst there are no guarantees as to if and when any funds will be recovered, the Trustee has been advised by the liquidators that, based on advice from their legal counsel, the likelihood of recovery to meet sundry debts is good.

9. Current liabilities

	30/06/2018	Unaudited 30/06/2017
	£	£
Accrued expenses	(31,175)	(14,308)
	<u>(31,175)</u>	<u>(14,308)</u>

10. Related Party Transactions

During the year Dalriada Trustees Limited provided professional Trustee services totaling £22,610 (2017:£157,790). At the year end £21,070 (2017:£8,885) was still due to be paid Dalriada Trustees Limited.

The Scheme has incurred costs and, also, incurred shared costs in respect of other schemes to which Dalriada was appointed to under the same bulk appointment. During the year the total fees paid on behalf of other Schemes amounted to £46,586 and £69,528 brought forward from period ended 30 June 2017. These fees comprised legal fees of £14,523 (2017:£24,758) and Trustee fees of £32,063 (2017:£44,770). At the year end £116,114 (2017: £69,528) was still due from other Schemes. If and when any recoveries are made from the other Scheme's investments, these shared costs will be reimbursed to the Scheme in the first instance

11. Subsequent Events

There were no material reportable subsequent events at the year end

12. Taxation

The Scheme is a registered Pension Scheme under Chapter 2 of Part 4 of the Finance Act 2004 and is therefore exempt from income tax and capital gains taxes.

13. Self investment

There were no known instances of self investment during the year.

**Binnian Cedar Retirement Benefits Scheme
Summary of Contributions**

During the year ended 30 June 2018 no contributions were paid or due to the Scheme.

Signed for and on behalf of the Trustee

For Dalriada Trustees Limited.....

Date.....

Independent Auditor's Statement about Contributions to the Trustees of the Binnian Cedar Retirement Benefits Scheme

We have examined the summary of contributions to the Binnian Cedar Retirement Benefits Scheme for the Scheme year ended 30 June 2018 to which is set out on page 19.

Statement about contributions payable under the Scheme rules

In our opinion contributions for the Scheme year ended 30 June 2018 as reported in the summary of contributions and payable under the payment schedule and Scheme rules have in all material respects been paid at least in accordance with the payment schedule and Scheme rules.

Scope of work on Statement about Contributions

Our examination involves obtaining evidence sufficient to give reasonable assurance that contributions reported in the attached summary of contributions have in all material respects been paid at least in accordance with the payment schedule and Scheme rules. This includes an examination, on a test basis, of evidence relevant to the amounts of contributions payable to the Scheme and the timing of those payments under the payment schedule and Scheme rules.

Respective responsibilities of the Trustee and the auditor

As explained more fully in the Statement of Trustee's Responsibilities, the Scheme's Trustee is responsible for securing that a payment schedule is prepared, maintained and from time to time revisited and for monitoring whether contributions are made to the Scheme by the employer in accordance with the payment schedule.

It is our responsibility to provide a Statement about Contributions paid under the payment schedule and to report our opinion to you.

Use of our report

This report is made solely to the Trustee, as a body in accordance with Regulation 4 of The Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996. Our work has been undertaken so that we might state to the Trustee those matters we are required to state to them in an Auditor's Statement about Contributions and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Scheme's Trustee as a body, for our work, for this report, or for the opinions we have formed.

Binnian Cedar Retirement Benefits Scheme

Appendix 3

Binnian Cedar Retirement Benefit Scheme ("the Scheme")

Annual Governance Statement by the Chair of the Trustee for the Scheme Year Ending on 30 June 2018

Introduction and background

This statement has been prepared in accordance with regulation 23 the Occupational Pension Scheme (Scheme Administration) Regulations 1996, as amended (the "Administration Regulations"), and related Pensions Regulator guidance.

It relates to the Binnian Cedar Retirement Benefit Scheme ("the Scheme") which is a money purchase scheme.

This statement covers the period 1 July 2017 to 30 June 2018.

As you are aware from the Announcements issued to members since its appointment, Dalriada Trustees Limited ("Dalriada") was appointed on 13 June 2013 as sole Independent Trustee of the Scheme and other schemes (collectively known as the Milton Schemes) by the Pensions Regulator amid concerns as to how the Scheme was being run, the investments made by the original trustees and, principally, that the Scheme was being used as a vehicle for pension liberation. The powers and duties exercisable by Dalriada in its capacity as trustee are to the exclusion of all other trustees of the Scheme.

As an independent trustee, Dalriada is not linked in any way with the original trustees of the Scheme. Dalriada replaced the original trustees, Timothy Walker and Macalister Lindsay, and was given exclusive powers to deal with the Scheme. The original trustees have had no involvement in running the Scheme since our appointment. On 23 August 2017 The Pensions Regulator prohibited Timothy Walker and Macalister Lindsay from acting as pension scheme trustees because of their links to the Scheme.

£11.5m was transferred into the Milton Schemes by way of individual member transfer payments. The majority of that money (£7.7m) was paid over to Advalorem Value Asset Fund Limited, a Gibraltar based investment company.

£1.1m was paid to Swan Holding PCC Limited (Swan Holding), a company based in the Isle of Man. Of the remainder, about £350,000 was paid in fees to the previous trustees and their advisers. A further £280,000 was paid out in benefits.

The balance, £1.9m, was held in cash.

In relation to the £7,700,000 investment made by the Schemes in Advalorem Value Asset Fund Limited (Advalorem), the Financial Services Commission (FSC) in Gibraltar appointed Adrian Hyde, formerly of Chantrey Vellacott (a firm of Chartered Accountants) and now of CVR Global (a firm of insolvency practitioners) (CVR), as administrator of Advalorem on 27th January 2014, pursuant to the terms of an order granted by the Gibraltar High Court. Of the money invested, £6,600,000 was used to buy land in Scotland which was worth significantly less than the amount paid for it. The land was ultimately sold for £89,000 at the end of 2016, which indicated that the original price paid for the land was grossly overinflated.

Dalriada. A better way

Legal action has been taken by CVR and some limited recoveries have been made. This money has been used to finance ongoing legal action and CVR issued a High Court claim in October 2017 seeking recovery of a large proportion of scheme monies paid to Advalorem. It is impossible to say at this stage whether the claim will be successful and, if so, what recoveries might be made.

Whilst Advalorem was the most significant investment made by the Schemes, £1,100,000 was invested in a 'sub fund' of Swan Holding PCC Limited (Swan), a company incorporated in the Isle of Man. The Schemes hold shares in this entity. Dalriada has been informed by a director of Swan that the funds were not invested in property directly, but rather by making a loan to a third party which then invested in property. Dalriada has requested a copy of the relevant loan documentation. However it has not been provided and it remains unclear what realisable value, if any, the investment holds.

Default arrangement

A number of requirements of the Administration Regulations, which are referred to in this statement, relate only to a "default arrangement" as defined in the Administration Regulations. The Scheme does not have a default fund for ongoing accrual. It is not a qualifying scheme within the meaning given by section 99 of the Pensions Act 2008. It is not used to meet any auto-enrolment obligations and no contributions are being paid into the Scheme.

The Scheme did not offer a Default Lifestyle Strategy.

The Scheme did not offer members any choice as to how their funds were invested.

As such, in Dalriada's view, there has never been an appropriate default investment arrangement. There is no life-styling option available.

Statement of Investment Principles

No serviceable Statement of Investment Principles exists for the Scheme.

Review of default strategy and default arrangements

As noted above, as there is no default arrangement or default strategy in place for the Scheme at the current time then there has been no review of the default arrangement or default strategy in the year in question and no previous review for which a date can be given.

Core Financial Transactions

Trustees have a specific duty to ensure that core financial transactions relating to DC schemes are processed promptly and accurately. These include the following:

- investing contributions in the Scheme
- transferring assets related to members into or out of the Scheme
- transferring the assets between different investments within the Scheme
- making payments from the Scheme to or on behalf of the members.

The Scheme does not currently accept contributions or transfers in and is unable to pay any level of benefit, including transfers values, to members at the present time.

This is due to a number of factors, not least uncertainty, to date, as to the value of the Scheme's investments and the position with regard to the potential tax charges mentioned above. More information on this has been provided in Dalriada's Announcements to members.

Dalriada. A better way

The Financial Transactions the Scheme does make are, in the main, in relation to costs.

Given its inability to carry out routine administrative actions, unsurprisingly, over the reporting period, there have been no material administration service issues which need to be reported here by Dalriada.

Notwithstanding this, Dalriada, as a professional Independent Trustee, has processes and controls in place that are suitably designed to ensure any service objectives can be achieved once the Scheme is in a position to operate in the manner of a normal scheme. Dalriada's administration processes are independently audited and accredited under AAF 01/06 and AAF 02/07.

Once Dalriada is in a position to process member benefit requests these will be managed and monitored in line with Dalriada's standard SLA levels and targets and formally reported on, on a quarterly basis.

Charges and Transaction Costs

The new governance rules require the Trustee to make an assessment of investment management charges and transactions costs borne by the Scheme members and the extent to which those charges and costs represent good value for money for members.

The Trustee has calculated the charges and, so far as they were able to do so, the transaction costs, borne by Scheme members for the Scheme Year.

In this context, "charges" means (subject to some specific exceptions, such as charges relating to pension sharing orders) all administration charges other than transaction costs.

"Transaction costs" are costs incurred as a result of the buying, selling, lending or borrowing of investments.

Dalriada has deviated from the approach set out in the statutory guidance for the reasons set out below.

Since its appointment, there have been no transactions as Dalriada has not accepted any payments into the Scheme, either by way of contribution or transfers in so there have been no transaction costs.

Under the terms of its appointment, the fees of Dalriada and its advisers fell as a debt due from the employer. However, this company was dissolved in 2016. In this situation the terms of appointment set out that fees should be met from Scheme funds.

Due to the mismanagement of the Scheme by its previous trustees and the subsequent actions taken by Dalriada since appointment, it is inevitable that the Scheme has incurred, and will continue to incur, significantly higher ongoing costs than would be the case for a similarly sized but conventional scheme.

The Scheme has incurred costs (including legal costs) of £33,108 over the year in question and, also, incurred shared costs of £46,586 in respect of other Milton Schemes. If and when any recoveries are made from the other Scheme's investments, these shared costs will be reimbursed to the Scheme in the first instance.

Dalriada has set out in its various Announcements to members the actions it has taken to realise, where possible, the investments made by the previous trustees. Generally, actions undertaken by Dalriada, beyond those considered necessary for the appropriate management of the Scheme, have been centred on legal advice around the realisation/recovery of funds.

Dalriada. A better way

"Good value" assessment of charges and transactions

Generally, trustees should assess the extent to which the charges described above represent "good value" for members during the scheme year, by considering the level of member borne charges against the benefits attributable to such charges.

Whether something represents "good value" is not capable of being precisely defined, but for these purposes, trustees should consider that charges may be viewed as representing "good value" for members where an optimum combination of cost and quality is achieved for the membership as a whole, relative to other options available in the market.

The characteristics of the Scheme are unusual and there are no readily available comparators to determine whether the costs incurred represent good value.

However, the actions undertaken by Dalriada, beyond those considered necessary for the appropriate management of the Scheme, are centred on action around recovery of funds. Such actions are considered on a cost benefit analysis and Court approval has been sought for the use of Scheme funds to pay for legal action.

Dalriada was appointed following a tender exercise by TPR and Dalriada is subject to ongoing oversight by TPR.

Dalriada's costs (both for ongoing management and with regard to action around recovery of funds) are calculated using a blended charging rate that sits well below its standard market rates. Its legal advisers operate similarly.

As commented above, Dalriada, as a professional Independent Trustee, has processes and controls in place that are suitably designed to ensure any service objectives can be achieved once the Scheme is in a position to operate in the manner of a normal scheme. Dalriada's administration processes are independently audited and accredited under AAF 01/06 and AAF 02/07.

Once Dalriada is in a position to process member benefit requests these will be managed and monitored in line with Dalriada's standard SLA levels and targets and formally reported on, on a quarterly basis.

In relation to the cumulative effect over time of the application of charges and costs on the value of a member's accrued rights to money purchase benefits, due to the nature of Dalriada's appointment, both Dalriada's and its adviser's fees are met using Scheme funds. As outlined above, there is uncertainty around each member's individual allocation to each investment. For this reason, to date, Dalriada has had to take a general approach when applying costs.

As soon as Dalriada is in a position to identify each individual's asset allocation, a more specific approach will be taken to apportion costs according to each member's portfolio of investments.

Trustee knowledge and understanding

The Trustee has considered the latest guidance in relation to Chairman's Statements from The Pensions Regulator and has ensured that its practices reflect the requirements set out. I have set out below how the Trustee ensures it currently meets the knowledge and understanding requirements of trustees.

Dalriada is an independent professional trustee, established in 2003, which has been appointed by The Pensions Regulator (TPR) under section 7 of the Pensions Act 1995 to a number of schemes as a result of TPR having concerns about the nature and operation of those schemes and the extent to which the then current trustees understood their statutory and fiduciary duties and responsibilities. Dalriada refers to such schemes as "Regulatory Appointments". The Scheme is a Regulatory Appointment.

Dalriada has established a specialist team drawn from various relevant disciplines within Dalriada to manage the governance of these Regulatory Appointments which we have called the Irregular Schemes Team.

Dalriada. A better way

A dedicated committee (the Irregular Schemes Committee – ‘the Committee’) has been established by the Board of Directors of Dalriada to oversee the activities of the Irregular Schemes Team in its governance of this scheme and other Regulatory Appointments. Care has been taken to ensure that the membership of the Committee is such that there is sufficient knowledge and understanding within the Committee to meet the requirements set out in sections 247 and 248 of the Pensions Act 2004 and The Pensions Regulator’s Code of Practice 7 on Trustee Knowledge and Understanding.

I have set out below the membership of the Committee, along with a short note on their skill set and experience. In addition, it is worth noting that three members of the Committee are directors of Dalriada Trustees Limited. Dalriada operates a team based approach which gives the Regulatory Appointments Team access to over 120 pensions and support personnel with a broad skill set suited to identifying and implementing the variety of tasks required to successfully manage the Scheme, including pension administration experts, an in house legal team, fund accountants and investment experts. Whilst the core Irregular Schemes Team deals with the majority of matters arising on the Scheme on a day to day basis, in conjunction with its appointed advisers, it can access the specialist expertise of the wider Dalriada team as and when required.

As far as we are aware, no other professional independent trustee firm has established and developed a specialist team in this difficult and challenging area of trusteeship. The relevant experience developed by the Irregular Schemes Team on such cases is unmatched and unrivalled.

The Committee

Mike Crowe

Mike Crowe is head of Dalriada’s Consultancy Function and works as a Trustee Representative supporting the firm on a wide range of appointments, including appointments made by The Pensions Regulator, such as this one.

With over 35 years’ pension scheme experience, Mike has particular expertise in technical and legal areas. Before joining Dalriada Mike was a senior manager in the legal team of a major pension provider.

Mike has many years of experience in dealing with legal matters pertaining to Occupational Pension Schemes including in areas of

- compliance
- Scheme reconstructions
- Development and implementation of investment strategies
- DC wind-ups
- Complex litigation and legal work including instructing legal advisers
- Scheme governance reviews

Mike is a member of our internal legal team and is a member of the Association of Professional Pension Trustees. Mike has completed the Pensions Regulators Trustee Toolkit and has met all required CPD requirements.

Sean Browes

Sean has been working in the pensions industry since he graduated in 1988. He worked for two major benefit consultancies in both administration management and consultancy roles, before joining Dalriada in 2003. Sean has a broad range of skills and experience suited to all areas of pension scheme management.

Dalriada. A better way

Sean leads the Irregular Schemes Team, dealing with Dalriada's appointments by The Pensions Regulator (TPR) to schemes suspected of being involved in pension liberation or thought to be scams. He now has a wealth of experience and knowledge with regard to the unique characteristics associated with the administration and management of these types of scheme and the challenges they present.

Neil Copeland

Neil is a co-founder and director of Dalriada Trustees Limited. He acts as a trustee representative on some of our most complex and challenging cases, including our regulatory appointments. Neil specialises in schemes with technically challenging governance and covenant issues, as well as having over 25 years of experience in relation to defined benefit, hybrid, defined contribution, multi-employer and sectionalised arrangements.

Neil is the Dalriada Board representative for the Irregular Schemes Team and spends a significant proportion of his time working on Regulatory Appointments. Like Sean, Neil has developed considerable experience of the complex and non-standard issues faced by the Dalriada team in managing the Regulatory Appointments. This has included acting as a witness in high profile litigation in relation to Regulatory Appointments in support of TPR and representing Dalriada in oral hearings before the Determinations Panel where Dalriada's appointment by TPR has been challenged by the incumbent trustees or other directly affected parties.

Tom Lukic

Tom is also a director of Dalriada Trustees Limited and leads the Dalriada business across the Midlands. He has broad pensions experience with particular expertise in employer covenant and corporate transactions. He has worked with a range of trustee boards managing scheme assets from c£5 million to more than £1 billion. Similarly, he is experienced in working with a broad spectrum of sponsoring employers from small, owner managed businesses through to much larger and complex groups being either privately owned or fully listed.

Tom's experience, both as an adviser and as a trustee representative, provides particular insight into corporate structures and insolvencies. The Scheme's investments include shares and/or bonds in, or issued by, corporate entities where understanding the accounting and financial structures of these entities is essential.

Brian Spence

Brian is a co-founder and director of Dalriada Trustees Limited. He is now involved in the provision of a wide range of advice to pension scheme sponsors and trustees. Brian is well-known in the pensions industry for taking a strategic view in dealing with pension scheme matters and uses his experience to deliver practical solutions which satisfy the needs of the Trustees, the employers and other stakeholders. Brian is recognised by TPR and the pensions industry as an expert in dealing with contentious and/or complex issues. He is a lead contact and "key person" for a number of high profile trustee appointments.

In addition, Brian has practical experience of working as a trustee in all three major legal jurisdictions of the UK and as a trustee and advisor in Ireland. Brian has held a UK Scheme Actuary Practising Certificate since inception of the role in 1997.

Brian has an in depth knowledge of legal processes, particularly around testing points of legal principle related to the operation of pension schemes, often as a result of deficiencies in scheme documentation (a common issue with Regulatory Appointments) and, also, litigation – where it is cost effective to do so, Dalriada will look to take legal action against the perpetrators of a scam with the aim to recover misappropriated assets.

Dalriada. A better way

Knowledge of the trust deed and rules and all documents setting out the trustee's current policies

The Scheme has a dedicated client manager who has an in depth knowledge of the Scheme and its governing documentation. At the point of becoming an Independent Trustee to the Scheme, a prescribed take on process was followed. This included an assimilation and review of all the relevant scheme documentation, including the trust deed and rules. The Committee is made aware of any issues or risks in relation to the Scheme's trust deed and rules as and when they arise and appropriate action agreed in relation to the issue or risk identified. In addition to the knowledge held by the client manager and Lead Trustee Representative, the trustees obtain legal advice in relation to the Scheme's documentation, where necessary.

There have been no new trustees introduced in this reporting period. However, it is recognised that an appropriate induction process should be in place to support the addition of new trustees. This is under review and will be put in place within the next reporting period.

A working knowledge of the current Statement of Investment Principles (SIP)

As is set out earlier, the Scheme does not have a SIP at this time due to particular circumstances of the Scheme.

Sufficient knowledge and understanding of the law relating to pensions and trusts and understanding of the principles relating to the funding and investment of occupational schemes

Those Dalriada staff working on the Scheme, including the lead trustee representative, are obliged to self evaluate their learning and development requirements on an annual basis as part of Dalriada's internal appraisal process. The process identifies how staff can develop their knowledge and understanding, as well as where they can share their expertise in order to best support the Scheme. Dalriada staff are also required to comply with their respective training requirements in order to maintain a required level of continuing professional education (CPE) and to provide evidence of courses, seminars and other types of professional development to satisfy their respective professional bodies' CPE requirements.

Every trustee representative is required to undertake a minimum number of hours training in a year. This is recorded centrally by Dalriada's HR Team and, where appropriate, forms part of staff personal development plans. This training can include internal and external courses and attendance at industry events, as well as a degree of self learning by way of subscriptions to professional publications and electronic information channels.

Further, every trustee representative is required to complete The Pensions Regulator's Trustee Toolkit and subscribes to the updates issued by The Pensions Regulator.

Trustee representatives belong to Dalriada's knowledge management network which keeps them up to date with industry thinking. They also have access to a team of in house pensions experts who inform the team about changes to pensions legislation and practices.

The trustees have access to Pendragon Perspective and Aries - both industry leading tools, giving access to pension legislation.

Dalriada has its own in house legal specialists to provide support and guidance to trustees around legislation and interpretation of scheme documentation. This is further aided by advice from external legal advisers, which is obtained when the trustees feel the reinforcement is necessary to support their own understanding.

Combined knowledge and understanding, together with available advice enables the trustees to properly exercise their function

Dalriada. A better way

Dalriada has informally assessed the skill set and experience of each member of the Committee and the client team. It has taken into account the development activities already mentioned, along with the internal resources made available to staff, supplemented, where required, by professional external advice.

Given that the Committee has been recently established, there is a need to more formally assess the skills of its members. This will be done annually using a skills matrix developed for this purpose. Any areas for development flagged during this process will be addressed as part of the individual's personal development plan and reviewed throughout the year.

An evaluation of the effectiveness of the Committee as a whole will also be carried out annually.

I consider that the combined knowledge and understanding of the Committee and the client team enables them to exercise properly their function as trustee of the Scheme. In particular:

- Members of the Committee have the relevant financial knowledge and experience to enable the trustee to comply with its duties in relation to investment of the Scheme's assets. Tom Lukic's experience (see above) in particular is advantageous in this area.
- There is a vast range of pensions experience and knowledge within the Committee and the client team. This is appropriate to deal with the governance of the Scheme in line with the trust deed and rules, along with other scheme documentation. There is also a great deal of experience relevant to dealing with issues which might be thrown up by the Scheme which require the amendment of scheme documentation.
- Sean Browes, Neil Copeland and Brian Spence have a great deal of knowledge and experience in relation to schemes of complex nature, such as this Scheme, where investments made by previous trustees are deemed to be highly inappropriate, their administration has been poor and / or the trustees have not had the sufficient knowledge and understanding to be trustees of an occupational pension scheme.
- Sean Browes and Neil Copeland have many years of experience in the administration of pension schemes, allowing a keen oversight of the administration of the Scheme.

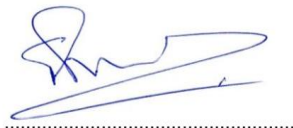

Member Representation

Dalriada is aware that members of the Scheme are potential victims of a scam. As such, we look to keep members informed and to facilitate direct access for members to Dalriada by means of a:

- Dedicated member website
- Dedicated contact e-mail address
- Dedicated phone line.
