

The Hi-Line Motors Pension Scheme Annual Governance Statement by the Chair of the Trustee for the Scheme Year Ending on 30 June 2021

Introduction and background

This statement has been prepared in accordance with regulation 23 the Occupational Pension Scheme (Scheme Administration) Regulations 1996, as amended (the "Administration Regulations") and related guidance from The Pensions Regulator ("TPR").

It relates to the Hi-Line Motors Pension Scheme ("the Scheme").

The statement will be published on a website made available to members.

Consideration has also been given to TPR's 'A quick guide to the chair's statement' and to the Department for Work and Pensions guide on 'Reporting of costs, charges and other information', both published in September 2018.

Matters in relation to the Scheme are considered by a dedicated subcommittee of the Dalriada Board which meets at least four times a year. However, issues are also considered on an ad hoc basis between committee meetings and the Scheme has a dedicated client manager, alongside a project manager, who ensures anything requiring attention by the subcommittee is communicated, and acted upon, in a timely manner.

This statement covers the period from 1 July 2020 to 30 June 2021.

As you are aware from the Announcements issued to members since its appointment, Dalriada Trustees Limited ("Dalriada") was appointed on 15 May 2018 as independent trustee of the Scheme (and two other schemes under the same bulk appointment, collectively known as "the Schemes") by TPR amid concerns that the Scheme was not being properly run and in order to protect the interests of its membership. This has presented Dalriada with several challenges around governance. Nevertheless, this statement is a legal requirement and, as such, can serve as a useful reminder of the issues faced by Dalriada and, where it cannot meet certain governance obligations, I have explained why this is the case.

The powers and duties exercisable by Dalriada in its capacity as trustee are to the exclusion of all other trustees of the Scheme.

The Scheme invested in a collection of unregulated, high-risk investments, many of which were shares in overseas private companies. Dalriada continues to pursue the outstanding investments. However, obtaining cooperation from some of the entities involved is difficult, so it is currently unclear as to what value, if any, will be returned to the Scheme from these purported investments in due course. If any recoveries are made, Dalriada will keep members informed by way of further Announcements.

Dalriada will ultimately focus on the pursuit of further recovery of funds by way of a claim on the Fraud Compensation Fund ("FCF"). Dalriada has been working, and will continue to work, with the PPF with regard to a potential claim by the Scheme. However, at this time, we do not know whether any claim will ultimately be successful. Ultimately, it is Dalriada's intention that the

Scheme will be wound up and members will be offered the option to transfer any remaining benefits to alternative pension arrangements.

Default arrangement

A number of requirements of the Administration Regulations relate only to a "default arrangement", as defined in the Occupational Pension Schemes (Charges and Governance) Regulations 2015.

The Scheme does not have a default fund for ongoing accrual, and it is not a qualifying scheme within the meaning given by section 99 of the Pensions Act 2008.

It is not, nor ever has been, used to meet any auto-enrolment obligations and no regular contributions are being, or ever have been, paid into the Scheme. The Scheme's assets are made up solely by way of member transfer payments into the Scheme.

The Scheme does not offer a Default Lifestyle Strategy.

As mentioned above, the Scheme invested in a number of unusual, unregulated, high risk and largely illiquid investments that are difficult to value. As such, in Dalriada's view, there has never been an appropriate default investment arrangement for the Scheme. There is also no life-styling option available.

The purported investments were made by the previous trustee without seeking, or acting upon, the recommendation of any appropriately qualified investment advisor.

Statement of Investment Principles

Ordinarily, trustees should prepare a Statement of Investment Principles ("SIP") governing decisions about investments (although it is not a legal requirement for schemes with less than 100 members).

No serviceable SIP exists for the Scheme. As the Scheme has fewer than 100 members it is not a legal requirement to produce a SIP.

As the investments are unconventional and predominantly unregulated, they do not comply with any maximum charge requirements. Dalriada is working to realise investments where it is appropriate and possible to do so.

The Scheme currently holds minimal liquid assets. Subject to any FCF application for compensation, it is Dalriada's ultimate intention to wind up the Scheme as soon as it is able, giving members the opportunity to transfer any remaining funds to a more suitable arrangement of their choice.

Due to the numerous issues outlined within this statement, including uncertainty regarding membership records and various purported investment transactions, it is not possible to produce annual Trustees' Report and Financial Statements.

Review of default strategy and default arrangements

As noted above, there is no default arrangement or default strategy in place for the Scheme. As such, there has been no review of the default arrangement or default strategy in the year in question and no previous review for which a date can be given.

Core Financial Transactions

Trustees have a specific duty to ensure that core financial transactions relating to DC schemes are processed promptly and accurately. These include the following:

- investing contributions in the Scheme
- transferring assets related to members into or out of the Scheme
- transferring the assets between different investments within the Scheme
- making payments from the Scheme to or on behalf of the members.

The Scheme does not currently accept contributions or transfers in and, for the Scheme year ending 30 June 2021, is unable to pay any level of benefit, including transfers values, to members.

This is due to a number of factors, not least the uncertainty (to date) as to the value of the Scheme's investments and the position with regard to potential tax charges that may be levied against the Scheme should it be deemed any unauthorised payments to members occurred. More information on this has been provided in Dalriada's Announcements to members.

The financial transactions the Scheme does make are, in the main, in relation to costs.

Unsurprisingly, Dalriada has been unable to carry out routine administrative actions for the Scheme over the reporting period. Therefore, there have been no material administration service issues which need to be reported here.

Notwithstanding this, Dalriada, as a professional independent trustee, has processes and controls in place that are suitably designed to ensure any service objectives can be achieved once the Scheme is in a position to operate in the manner of a normal scheme. Dalriada's administration processes are independently audited and accredited under AAF 01/06 and AAF 02/07.

In addition, acknowledging that we need accurate member data for the processing of member benefits, Dalriada will carry out an analysis of 'common data' and 'scheme specific data' (as defined by TPR). This helps us to ensure the integrity of member data that is processed.

We perform monthly bank reconciliations for all the schemes to which Dalriada is appointed. The purpose of these reconciliations is to ensure that all transactions processed through the bank accounts (money in and out) can be accounted for. Any transactions which cannot be accounted for are investigated and corrected if required.

Charges and Transaction Costs

Governance rules require trustees to make an assessment of investment management charges and transactions costs borne by Scheme members and the extent to which those charges and costs represent good value for money for members.

The Trustee has calculated the charges and, so far as they were able to do so, the transaction costs, borne by Scheme members for the Scheme Year.

In this context, "charges" means (subject to some specific exceptions, such as charges relating to pension sharing orders) all administration charges other than transaction costs. "Transaction costs" are costs incurred as a result of the buying, selling, lending or borrowing of investments.

Dalriada has deviated from the approach set out in the statutory guidance for the reasons set out below.

Since Dalriada's appointment, there have been no transactions, as no payments into the Scheme have been accepted, either by way of contributions or transfers-in. As a result, there have been no transaction costs.

Under the terms of its appointment, the fees of Dalriada and its advisers fall as a debt due from the employer. However, this company was dissolved in March 2019. In this situation the terms of appointment set out that costs (or "charges") should be met from Scheme funds.

Due to the mismanagement of the Scheme by its previous trustees and the subsequent actions taken by Dalriada since appointment, it is inevitable that the Scheme has incurred, and will continue to incur, significantly higher ongoing costs than would be the case for a similarly sized but conventional scheme.

Dalriada assumed trusteeship of the Scheme via a bulk appointment by TPR, when Dalriada was also appointed to two other schemes. All schemes shared (and continue to share) similar characteristics, such as the previous trustees, administration records and, on occasions, investments. Where work is carried out that has a mutual benefit to all schemes collectively, the costs will be shared across all schemes. If one or more of the schemes has no assets, the costs will be met by the other schemes.

During the current period, trustee services totalling £1,489 were provided specifically to the Scheme. As the Scheme holds no funds, no fees were paid. If and until Dalriada is able to make any recovery from the Scheme's investments it will remain at risk of not getting paid for the work it carries out in relation to the Scheme.

In addition, for the period in question, trustee services totalling £16,083 were provided to the three schemes collectively under this bulk appointment. A proportion of these costs will ultimately be due to be met from the Scheme, once Dalriada has determined how these costs should be apportioned and if funds become available.

Neither the Scheme or the schemes collectively have incurred legal expenses over the period.

We reiterate that whilst Dalriada has incurred costs in managing the Scheme, it has not been possible to meet these costs due to the lack of available funds. It is not anticipated at this time that there will be any recoveries made in the short-term to enable Dalriada's outstanding costs to be met.

However, as and when this is the case, Dalriada will confirm to members (to the extent Scheme members can be identified) the amount of costs incurred and, if cost effective to do so, have a full set of Report and Accounts prepared and audited.

"Good value" assessment of charges and transactions

Generally, trustees should assess the extent to which the charges described above represent "good value" for members during the scheme year, by considering the level of member borne charges against the benefits attributable to such charges.

Whether something represents good value is not capable of being precisely defined. However, for these purposes, trustees should consider that charges may be viewed as representing good value for members where an optimum combination of cost and quality is achieved for the whole membership, relative to other options available in the market.

The characteristics of the Scheme are unusual and there are no readily available comparators to determine whether the costs incurred represent good value.

However, the actions undertaken by Dalriada, beyond those considered necessary for the appropriate management of the Scheme, are centred on action around recovery of funds. Such actions are considered using a cost-benefit analysis. Where necessary, Court approval would be sought for the use of Scheme funds to pay for any legal action.

Dalriada was appointed following a TPR tender exercise and is subject to ongoing oversight by TPR.

Dalriada's costs (both for ongoing management and with regard to action around recovery of funds) are calculated using a blended charging rate. This rate is set well below Dalriada's standard market rates. The Trustee's legal advisers operate on a similar basis (albeit on a different charging rate).

As commented above, Dalriada, as a professional independent trustee, has processes and controls in place that are suitably designed to ensure any service objectives can be achieved once the Scheme is in a position to operate in the manner of a normal scheme. Dalriada's administration processes are independently audited and accredited under AAF 01/06 and AAF 02/07.

Once Dalriada is in a position to process member benefit requests these will be managed and monitored in line with Dalriada's standard SLA levels and targets and formally reported on, on a quarterly basis.

Dalriada is required to advise members of the cumulative effect over time of the application of charges and costs on the value of a member's accrued rights to money purchase benefits. However, due to the nature of Dalriada's appointment and the uncertainty as to both Dalriada's and its adviser's fees, this is not possible to do at this time. When Dalriada is in a position to do so, it will advise members.

Trustee knowledge and understanding

The Trustee has considered the latest guidance in relation to Chair's Statements from TPR and has ensured that its practices reflect the requirements set out. I have set out below how the Trustee ensures it currently meets the knowledge and understanding requirements of trustees.

Dalriada Trustees Limited ("Dalriada")

Dalriada is an independent professional trustee, established in 2003, which has been appointed by TPR under Section 7 of the Pensions Act 1995 to a significant number of schemes. These

appointments have been as a result of TPR having concerns about the nature and operation of the schemes and the extent to which the then trustees understood their statutory and fiduciary duties and responsibilities. Dalriada refers to such schemes as "Regulatory Appointments". The Scheme is a Regulatory Appointment.

Dalriada has established a specialist team, drawn from various relevant disciplines within Dalriada to manage the governance of these Regulatory Appointments, which we have called the Irregular Schemes Team.

A dedicated committee (the Irregular Schemes Committee - "the Committee") has been established by the Board of Directors of Dalriada to oversee the activities of the Irregular Schemes Team in its governance of this Scheme and other Regulatory Appointments. Care has been taken to ensure that the membership of the Committee is such that there is sufficient knowledge and understanding to meet the requirements set out in Sections 247 and 248 of the Pensions Act 2004 and TPR's Code of Practice 7 on Trustee Knowledge and Understanding.

I have set out below the membership of the Committee, along with a short summary of their skill set and experience. In addition, it is worth noting that three members of the Committee are directors of Dalriada Trustees Limited.

Dalriada operates a team-based approach, which gives the Irregular Schemes Team access to over 120 pensions and support personnel, with a broad skill set suited to identifying and implementing the variety of tasks required to successfully manage the Scheme. This includes pension administration experts, an in-house legal team, fund accountants and investment experts. Whilst the core Irregular Schemes Team deals with the majority of matters arising on the Scheme on a day-to-day basis (in conjunction with its appointed advisers), it can access the specialist expertise of the wider Dalriada team as and when required.

As far as we are aware, no other professional independent trustee firm has established and developed a specialist team in this difficult and challenging area of trusteeship. The relevant experience developed by the Irregular Schemes Team on such cases is unmatched and unrivalled.

THE COMMITTEE

Sean Browes

Sean has been working in the pensions industry since he graduated in 1988. He worked for two major benefit consultancies in both administration management and consultancy roles, before joining Dalriada in 2003. Sean has a broad range of skills and experience suited to all areas of pension scheme management.

Sean leads the Irregular Schemes Team, dealing with Dalriada's appointments by TPR to schemes suspected of being involved in pension liberation or thought to be scams. He now has a wealth of experience and knowledge with regard to the unique characteristics associated with the administration and management of these types of schemes and the challenges they present.

Sean is a fully accredited member of the Association of Professional Pension Trustees, has completed TPR's Trustee Toolkit and holds the Pensions Management Institute's Certificate in DC Governance and Award in Pension Trusteeship (DC and DB). Sean has met all required CPD requirements.

Neil Copeland

Neil is a co-founder and director of Dalriada. He acts as an Accredited Professional Trustee on some of our most complex and challenging cases, including our Regulatory Appointments. Neil specialises in schemes with technically challenging governance and covenant issues, as well as having over 25 years of experience in relation to defined benefit, hybrid, defined contribution, multi-employer and sectionalised arrangements.

Neil is the Dalriada Board representative for the Irregular Schemes Team and spends a significant proportion of his time working on Regulatory Appointments. Like Sean, Neil has developed considerable experience of the complex and non-standard issues faced by the Dalriada team in managing the Regulatory Appointments. This has included acting as a witness in high profile litigation in relation to Regulatory Appointments in support of TPR and representing Dalriada in oral hearings before the Determinations Panel, where Dalriada's appointment by TPR has been challenged by the incumbent trustees or other directly affected parties.

Neil is a fully accredited member of the Association of Professional Pension Trustees, has completed TPR's Trustee Toolkit and holds the Pensions Management Institute's Award in Pension Trusteeship (DC and DB). Neil has met all required CPD requirements.

Tom Lukic

Tom is also a director of Dalriada and leads the Dalriada business across the Midlands. He has broad pensions experience with particular expertise in employer covenant and corporate transactions. He has worked with a range of trustee boards managing scheme assets from c.£5 million to more than £1 billion. Similarly, he is experienced in working with a broad spectrum of sponsoring employers from small, owner-managed businesses through to much larger and complex groups, being either privately owned or fully listed.

Tom's experience, both as an adviser and as an Accredited Professional Trustee, provides particular insight into corporate structures and insolvencies. Where the scheme's investments include shares and/or bonds in, or issued by, corporate entities, an understanding of the accounting and financial structures of these entities is essential and Tom provides a wealth of experience in this area.

Tom is a fully accredited member of the Association of Professional Pension Trustees, has completed TPR's Trustee Toolkit and holds the Pensions Management Institute's Award in Pension Trusteeship (DC and DB). Tom has met all required CPD requirements.

Brian Spence

Brian is a co-founder and director of Dalriada. He is now involved in the provision of a wide range of advice to pension scheme sponsors and trustees. Brian is well-known in the pensions industry for taking a strategic view in dealing with pension scheme matters and uses his experience to deliver practical solutions which satisfy the needs of trustees, employers and other stakeholders. Brian is recognised by TPR and the pensions industry as an expert in dealing with contentious and/or complex issues. He is a lead contact and "key person" for a number of high-profile trustee appointments.

In addition, Brian has practical experience of working as a Professional Trustee in all three major legal jurisdictions of the UK and as a Professional Trustee and advisor in Ireland. Brian has held a UK Scheme Actuary Practicing Certificate since inception of the role in 1997.

Brian has an in-depth knowledge of legal processes, particularly around testing points of legal principle related to the operation of pension schemes, often as a result of deficiencies in scheme

documentation (a common issue with Regulatory Appointments). He also has experience in litigation involving pension schemes – where it is cost effective to do so, Dalriada will look to take legal action against the perpetrators of a scam with the aim to recover misappropriated assets.

Brian is a fully accredited member of the Association of Professional Pension Trustees, has completed TPR's Trustee Toolkit and holds the Pensions Management Institute's Award in Pension Trusteeship (DC and DB). Brian has met all required CPD requirements.

Amanda Banister

Amanda is a professional trustee with a wealth of experience in the pensions industry. Before joining Dalriada, Amanda was a pensions partner in a global law firm. She also spent three years in-house at the Pension Protection Fund in its early years, shaping its legal approach and gaining wide experience in pensions policy and insolvency/restructuring. After leaving, she continued to advise the PPF on some of its highest profile and most complex matters. Amanda's experience of working with and advising the PPF is a valuable asset to the Committee, as is her significant experience of contentious pensions issues, including Pensions Ombudsman disputes. Amanda also has a strong governance and risk management skillset, with an ability to solve testing problems, which are strongly aligned with the work of the Committee and Regulatory Appointments in general.

Amanda is a qualified solicitor, has completed TPR's Trustee Toolkit and holds the Pensions Management Institute's Award in Pension Trusteeship. Amanda has met all required CPD requirements.

Gino Rocco

While not a voting member of the Committee, Gino has extensive involvement with the Regulatory Appointments. He performs the role of an Accredited Professional Trustee for Dalriada, focusing on all aspects of pension law for defined benefit and defined contribution pension schemes that range in size from the small to the very large.

A solicitor admitted to practice in England and Wales and a Member of the Association of Pension Lawyers, Gino has over 15 years' experience gained at City and National Firms, as well as a leading pension consultancy practice.

Gino's experience includes complex benefit interpretation issues, scheme equalisation and benefit rectifications. He has detailed experience of pensions issues arising under TUPE transfers and the Fair Deal protections, where employees are transferred from the public (in particular LGPS and NHSPS) to the private sector.

Gino is a fully accredited member of the Association of Professional Pension Trustees, has completed TPR's Trustee Toolkit and holds the Pensions Management Institute's Award in Pension Trusteeship (DC and DB). Gino has met all required CPD requirements.

Knowledge of the trust deed and rules and all documents setting out the trustee's current policies

The Scheme has a dedicated client manager who has an in-depth knowledge of the Scheme and its governing documentation.

At the point of Dalriada becoming Independent Trustee to the Scheme, a prescribed take-on process was followed. This included an assimilation and review of all the relevant scheme

documentation, including the trust deed and rules. The Committee is made aware of any issues or risks in relation to the Scheme's trust deed and rules as and when they arise, with appropriate action agreed in relation to the issue or risk identified. In addition to the knowledge held by the client manager and the Irregular Schemes Team, the Trustee obtains legal advice in relation to the Scheme's documentation, where necessary.

There have been no new trustees introduced in this reporting period. However, there is an appropriate induction process in place to support new trustees.

A working knowledge of the current Statement of Investment Principles

As set out earlier, the Scheme does not have a SIP at this time due to the particular circumstances of the Scheme.

Sufficient knowledge and understanding of the law relating to pensions and trusts and understanding of the principles relating to the funding and investment of occupational schemes

Those Dalriada staff working on the Scheme are obliged to self-evaluate their learning and development requirements on an annual basis as part of Dalriada's internal appraisal process. The process identifies how staff can develop their knowledge and understanding, as well as where they can share their expertise in order to best support the Scheme. Dalriada staff are also required to comply with their respective training requirements in order to maintain a required level of continuing professional education ("CPE") and to provide evidence of courses, seminars and other types of professional development to satisfy their respective professional bodies' CPE requirements.

Every Professional Trustee is required to undertake a minimum number of hours training each year. This is recorded centrally by Dalriada's Human Resources Team and, where appropriate, forms part of staff personal development plans. This training can include internal and external courses and attendance at industry events, as well as a degree of self-learning by way of subscriptions to professional publications and electronic information channels.

Further, every professional trustee is required to complete TPR's Trustee Toolkit and subscribes to the updates issued by TPR.

Professional Trustees belong to Dalriada's Knowledge Management network, which keeps them up to date with industry developments and thinking. They also have access to a team of in-house pensions experts who inform the team about changes to pensions legislation and practices.

The trustees have access to Pendragon Perspective and Aries - both industry-leading tools, giving access to pension legislation.

Dalriada has its own in-house legal specialists to provide support and guidance to trustees regarding legislation and interpretation of scheme documentation. This is further aided by advice from external legal advisers, which is obtained when the Trustee feels this reinforcement is necessary to support their own understanding.

Combined knowledge and understanding, together with available advice, enables the trustees to properly exercise their function

Dalriada has informally assessed the skill set and experience of each member of the Committee and the client team. It has taken into account the development activities already mentioned, along

with the internal resources made available to staff, supplemented, where required, by professional external advice.

The Committee understands the need to more formally assess the skills of its members. This is done using a skills matrix developed for this purpose. Any areas for development flagged during this process will be addressed as part of the individual's personal development plan and reviewed throughout the year.

An evaluation of the effectiveness of the Committee as a whole is also carried out.

I consider that the combined knowledge and understanding of the Committee and the client team enables them to exercise properly their function as Trustee of the Scheme. In particular:

- Members of the Committee have the relevant financial knowledge and experience to enable the Trustee to comply with its duties in relation to investment of the Scheme's assets. Tom Lukic's experience (see above) is particularly advantageous in this area.
- There is a vast range of pensions experience and knowledge within the Committee and the client team. This is appropriate to deal with the governance of the Scheme in line with the trust deed and rules, along with other scheme documentation. There is also a great deal of experience relevant to dealing with issues that might be thrown up by the Scheme which require the amendment of scheme documentation. Amanda Banister's legal background and experience (see above) is of great benefit in this area.
- Sean Browes, Neil Copeland and Brian Spence have a great deal of knowledge and experience in relation to schemes of a complex nature, such as this Scheme. This includes schemes with investments made by previous trustees that are deemed to be highly inappropriate, their administration has been poor and / or the previous trustees have not had the sufficient knowledge and understanding to be trustees of an occupational pension scheme.
- Sean Browes and Neil Copeland have many years of experience in the administration of pension schemes, allowing a keen oversight of the administration of the Scheme.

Member Representation

Dalriada is aware that members of the Scheme are potential victims of a scam. As such, we look to keep members informed and to facilitate direct access for members to Dalriada by means of a:

- Dedicated member website
- Dedicated contact e-mail address

Dedicated phone line.

Signed for and on behalf of Dalriada Trustees Limited (the Trustee)

Agreed as final version by the Chair of the
Trustee of the Hi-Line Motors Pension
Scheme.

Dated: 30 January 2022
