Dalriada. A better way

### Background

As set out in our November 2020 Announcement, Dalriada participated in legal proceedings with the Pension Protection Fund ("PPF") to determine a number of issues around eligibility for potentially fraudulent schemes (like the Schemes). That Announcement (posted on the members' website) provides information about the case and what the judgment means for members.

The court action was a necessary first step to determine if the Schemes (and numerous others in a similar situation) were eligible to make claims on the Fraud Compensation Fund ("FCF"). The subsequent judgment found that such schemes are able, in principle, to make a claim.

However, for any claim to be successful there must be evidence that a scheme has suffered a financial loss that can be attributed to an 'offence involving dishonesty'. We cannot be certain that the FCF will find that 'offences involving dishonesty' took place in relation to any scheme, even if members might consider that they have been scammed. This means we cannot guarantee that any claims on the FCF will be successful.

Dalriada is now working with the PPF (who manage the FCF) with regard to the information and evidence they require to determine if the Schemes are eligible for compensation and, if so, how much that compensation will be.

We will update members as matters progress with the PPF, but it will likely be some time before there is clarity as to whether any claims will be successful. Further, if the Schemes are eligible for compensation, there are a number of legislative actions we would need to take before a formal claim could be submitted. Also, the FCF is a compensation fund of 'last resort, which means the FCF will need to be satisfied that no further recoveries from the Schemes' investments can be made, or else, that the cost and/or time likely to be incurred pursuing recovery would outweigh any potential return.

## Member Questionnaire

As commented above, successful claims to the FCF will depend on whether it can be evidenced that there were 'offences involving dishonesty'. One such 'offence' would be that the Schemes, the investments, or any other aspect of membership of the Schemes, were misrepresented to members. It would therefore be very helpful if members could complete a questionnaire, detailing various aspects of how they came to transfer their pension to one of the Schemes.

We appreciate that you may already have completed a questionnaire and submitted documents in December 2021, however response rates were quite low. We have now developed a more user friendly, online questionnaire, which we hope you'll find more convenient to complete.

Please complete the questionnaire online, either by using the link or scanning the QR code below.

<https://forms.office.com/e/xvw9xcHjyn>

We appreciate that some of the information being sought will require members to reference events that happened a number of years ago. However, we would urge all members to complete the questionnaire to the best of their knowledge.

If you still have it, please also provide us with any correspondence you have retained relevant to the transfer of your pension to, or your subsequent membership of, one of the Schemes. This includes any marketing material and/or correspondence you might have received from the time you were advised, or decided to transfer your benefits to, one of the Schemes.

Please supply copies of any relevant material to either the email address or postal address provided at the bottom of this Announcement. If posting your documents to our office, please state your name and the name of your scheme (as shown at the top of this letter) in a covering response. If you are unsure what scheme you are a member of, please address your letter as follows:

The Trustees of the Ecoignard Pension Schemes  
Dalriada Trustees Limited  
Linen Loft  
27-37 Adelaide Street  
Belfast  
BT2 8FE

Alternatively, if you require a free-post envelope to be sent to you, please request one either in an email or by giving us a call on the telephone number provided overleaf.
